

# California Homeschool Reporting

## How California treats homeschooling

California recognizes homeschool as a Private School Affidavit (PSA) or via a Private School Satellite Program (PSSP).

## What to keep on file

- File the Private School Affidavit (PSA) annually with the CDE between October 1–15.
- Maintain an attendance register (180 days minimum) — Future Her logs hours per lesson.
- Keep a course of study by subject — use the Standards Crosswalk PDF.
- Retain student work samples in the binder portfolio.

## Future Her artifacts that satisfy review

- Scope & Sequence PDF — syllabus / course of study.
- Standards Crosswalk PDF — alignment to ELA, SEL, and life skills.
- Printable Workbook pages — dated student work samples.
- Quarterly Progress Report — narrative + growth indicators.
- Certificates of Completion — end-of-program documentation.
