

Texas Homeschool Reporting

How Texas treats homeschooling

Texas treats homeschools as private schools. No registration required, but you must teach a bona fide curriculum that covers required subjects.

What to keep on file

- Cover the 5 required subjects: reading, spelling, grammar, math, and good citizenship.
- Future Her covers reading (Reading Boss), spelling/grammar (workbook writing), and citizenship (Media Decoder + Future Speak).
- Keep dated work samples and a year-end summary.
- No state filing required — keep the binder portfolio at home in case of inquiry.

Future Her artifacts that satisfy review

- Scope & Sequence PDF — syllabus / course of study.
- Standards Crosswalk PDF — alignment to ELA, SEL, and life skills.
- Printable Workbook pages — dated student work samples.
- Quarterly Progress Report — narrative + growth indicators.
- Certificates of Completion — end-of-program documentation.

Questions?

Email hello@futureheracademy.com with your state and we'll help you map Future Her into your reporting workflow.
